

SUCCEED®

Digestive Conditioning Program™

DIETETIC COMPLEMENTARY FEED FOR HORSES

A breakthrough in equine digestive health.

Digestive Health SUCCEED® Digestive Conditioning Program™ is a patented formula that supports healthy gastrointestinal function and performance in horses through a simple, daily nutritional programme that fits readily into your clients' regular feeding and management regimens. Daily use of SUCCEED supports:

- Compensation for chronic digestive disorders of the large intestine.
- Compensation for chronic insufficiency of small intestine function.
- Nutritional restoration, convalescence.

SUCCEED is as practical for large yards as the single horse owner. And since it works naturally to help maintain ongoing digestive health, SUCCEED is an ideal adjunct to equine wellness programmes. SUCCEED is available in oral paste or top-dress granules.

A Different Approach

SUCCEED[®] maintains a healthy digestive tract through targeted nutrition designed to address root causes. Key ingredients of the patented formula include:

- **Oat Oil** – specially extracted to preserve polar lipids which support nutrient absorption and bioavailability.
- **Oat Bran** – specially processed to preserve β-glucan, a soluble fibre that provides support for a healthy immune system and a normal, healthy rate of feed transit through the GI tract.
- **Yeast** – A combination of a mannan oligosaccharide and a yeast β-glucan, derived from *Saccharomyces cerevisiae*, helps maintain a healthy hindgut and natural immunity.
- **Amino Acids** – includes L-Threonine, essential for the production of mucus, and L-Arginine, important for immune function, tissue repair, healthy circulation and enhanced exercise capacity.

All ingredients are highly digestible. SUCCEED is a source of carbohydrates, proteins, fibre and fats.

Packaging

Oral Paste: 27 grams net weight single-use oral syringes packed in cartons of 30. Sold and shipped in cases of 3 cartons, 90 syringes total.

Granules: Available in three sizes:

- 30-Day Supply – 0.8 kg tub contains 30 servings. Sold and shipped in cases of 3 tubs
- 60-Day Supply – 1.7 kg pail contains 60 servings. Sold and shipped in cases of 3 pails.
- 180-Day Economy Size – 4.8 kg bucket contains 180 servings. Sold and shipped in cases of 2 buckets.

Recommended Storage

- Store at temperatures below 38° C (100° F). Keep out of direct sunlight.

A Practical Solution

- **Once a day, every day** – SUCCEED is a daily Functional Feed[™] programme to support ongoing digestive health in horses.
- **Safe and effective** – The natural ingredients are safe for any horse. Not a testable substance.
- **Appealing to horses** – Has a natural oat flavour horses love.

Administration

- **Oral Paste** – Empty contents of one syringe (27 grams) into horse's mouth.
- **Granules** – Sprinkle one scoop of SUCCEED granules on top of feed. Do not mix.

Feed SUCCEED twice each day for first ten days of use, once each day thereafter.

Applications

Use daily for horses in situations where environment and care may adversely affect digestive health, such as:

- For horses stabled, fed intermittently on high grain diets, or facing the challenges of training and competition.
- For mares during pregnancy and foals during weaning.
- As part of a regular wellness programme.

Important

- It is recommended that a veterinarian's opinion be sought before use or before extending the period of use.
- SUCCEED is a natural product that gently maintains digestive health through good nutrition. As a result, please allow up to 90 days for full benefits.
- This product is intended to supplement the diet of horses and is not to be used in place of regular feed.
- SUCCEED Digestive Conditioning Program is a nutritional supplement. It contains no controlled ingredients.
- The ingredients in SUCCEED are natural and should not conflict with other supplements or medical products.
